Article 2. General provisions

- 1) This MOU is a statement of intent to consult, cooperate and exchange information in connection with the supervision and oversight of Covered Entities that operate on a cross-border basis in the jurisdictions of the signatories, in a manner consistent with, and permitted by, the laws and regulations that govern the Authorities. The Authorities anticipate that cooperation will be primarily achieved through on-going, informal, oral consultations, supplemented by more in-depth, ad hoc cooperation. The provisions of this MoU are intended to support such informal and oral communication as well as to facilitate the written exchange of non-public information where necessary.
- 2) This MoU does not create any legally binding obligations, confer any enforceable rights, or supersede applicable legislation. This MoU does not confer upon any person the right or ability directly or indirectly to obtain, suppress, or exclude any information or to challenge the execution of a request for assistance under this MoU.
- 3) This MoU does not intend to limit an Authority to taking solely those measures described herein in fulfilment of its functions. In specific circumstances, in accordance with applicable legislation of the Authorities, information may be obtained by an Authority directly from a Covered Entity operating in its jurisdiction. In such a case, a copy of any request to the Covered Entity is sent at the same time to the Home Authority. This MoU

complements, but does not alter the terms and conditions of the IOSCO Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information (IOSCO MMoU), to which the Authorities are signatories, which also covers information-sharing in the context of enforcement investigations; and any of the existing arrangements concerning cooperation in securities matters between the signatories.

- 4) The Authorities will, within the framework of this MoU, provide one another with the fullest cooperation permissible under the law in relation to the supervision and oversight of Covered Entities. Following consultation, cooperation may be denied:
 - a) Where the cooperation would require an authority to act in a manner that would violate domestic law;
 - b) Where a request for assistance is not falling within the scope of this MoU, or is not made in accordance with the terms of the MoU; or
 - c) On important reasons of public interest.

Assistance will not be denied based on the fact that the type of conduct described in the request for assistance would not be a violation of the laws and regulations of the Requested Authority. In case of denial, the Requested Authority will provide the reasons for not granting the assistance.

- 5) No domestic banking secrecy, blocking laws or regulations should prevent an Authority from providing assistance to the other Authority.
- 6) The Authorities will periodically review the functioning and effectiveness of the cooperation arrangement between the Authorities with a view, inter alia, to expanding or altering the scope or operation of this MoU should that be judged necessary.
- 7) To facilitate cooperation under this MoU, the Authorities hereby designate contact persons as set forth in Appendix A.

Article 3. Scope of cooperation

- 1) The Authorities recognize the importance of close communication concerning Covered Entities, and intend to consult at the staff level where appropriate regarding: (i) general supervisory issues, including with respect to regulatory, oversight or other program developments; (ii) issues relevant to the operations, activities, and regulation of Covered Entities; and (iii) any other areas of mutual supervisory interest.
- 2) Cooperation will be most useful in, but is not limited to, the following circumstances where issues of regulatory concern may arise:
 - a) The initial application of a Covered Entity for authorization, registration or exemption from registration in another jurisdiction;
 - b) The on-going oversight of a Covered Entity; or
 - c) Regulatory approvals or supervisory actions taken in relation to a Covered Entity by one Authority that may impact the operations of the entity in the other jurisdiction.

- d) Enforcement actions taken against a Covered Entity.
- 3) Each Authority will inform the other Authority as soon as practicable of
- a) Any known material event that could adversely impact a Covered Entity; and
 - b) Enforcement or regulatory actions or sanctions, including the revocation, suspension or modification of relevant licenses or registration, concerning or related to a Covered Entity which may have, in its reasonable opinion, material effect on the Covered Entity.

Article 4. Exchange of Information

The Requested Authority intends to provide the Requesting Authority, upon written request, with assistance in obtaining information not otherwise available to the Requesting Authority, and, where needed, interpreting such information so as to enable the Requesting Authority to discharge its responsibilities and assess compliance with its Laws and Regulations. The information covered by this paragraph includes, without limitation:

- a) Information that would permit the Requesting Authority to verify that the Covered Entities covered by this MoU comply with the relevant obligations and requirements of the national law of the Requesting Authority.
- b) Information relevant for monitoring and responding to the potential implications of the activities of an individual Manager, or Managers collectively, for the stability of systemically relevant financial institutions and the orderly functioning of markets in which Managers are active.
- c) Information relevant to the financial and operational condition of a Covered Entity, including, for example, reports of capital reserves, liquidity or other prudential measures, and internal control procedures;
- d) Relevant regulatory information and filings that a Covered Entity is required to submit to an Authority including, for example: interim and annual financial statements and early warning notices;
- e) Regulatory reports prepared by the Requested Authority, including for example: examination reports, findings, or information drawn from such reports regarding Covered Entities.

Article 5. Cross-border on-site visits

The Authorities should discuss and reach understanding on the terms regarding cross-border on-site visits, taking into full account each other's sovereignty, legal framework and statutory obligations, in particular, in determining the respective roles and responsibilities of the Authorities. The Authorities will act in accordance with the following procedure before conducting a cross-border on-site visit.

- a) The Authorities will consult with a view to reaching an understanding on the intended timeframe for and scope of any cross-border on-site visit. The local authority shall decide whether the visiting officials shall be accompanied by its officials during the visit.

- b) When establishing the scope of any proposed visit, the Authority seeking to conduct the visit will give due and full consideration to the supervisory activities of the other Authority and any information that was made available or is capable of being made available by the Requested Authority.
- c) The Authorities will assist each other in reviewing, interpreting and analysing the contents of public and non-public documents and obtaining information from relevant directors, senior management of the Covered Entities, or any other relevant person.

Article 6. Requests for assistance

- 1) To the extent possible, a request pursuant to Article 4 should be made in writing, by post, fax or Secure Electronic Means and addressed to the relevant contact person identified in Appendix A. A request generally should specify the following:
 - a) The information sought by the Requesting Authority, including specific questions to be asked, if possible and known, the person(s) from whom the information should be sought, and an indication of any sensitivity about the request;
 - b) A concise description of the facts underlying the request and the supervisory purpose for which the information is sought, including the applicable provisions of the laws and regulation behind the supervisory activity; and
 - c) The desired time period for reply and, where appropriate, the urgency thereof.
- 2) The Authorities will make their best efforts to provide information or deal with requests for assistance under this MoU in a timely manner.
- 3) In Emergency Situations as well as in urgent cases, the Authorities will endeavour to notify each other of the Emergency Situation or of the urgency and communicate information to the other as would be appropriate in the particular circumstances, taking into account all relevant factors, including the status of efforts to address the Emergency Situation. During Emergency Situations or for urgent cases, requests for information may be made in any form, including orally, provided such communication is confirmed in writing as promptly as possible.

Article 7. Cooperation on enforcement

- 1) The Requested Authority should, as far as its national law permits, assist the requesting Authority where it is necessary to enforce the AIFMD, its implementing measures or the national legislation of an EU Member State or the Securities Laws of The Bahamas breached by a Covered Entity established in its jurisdiction. In particular, this assistance should be provided by the Requested Authority in at least the following situations:
 - (a) when the Requesting Authority has required a Covered Entity established in the jurisdiction of the Requested Authority to cease any practice that is contrary to the provisions adopted in the implementation of the AIFMD and its implementing measures or the Securities Laws of The Bahamas. In this situation, and at the request of the Requesting Authority, the Requested Authority should provide information that would allow the Requesting Authority to verify the compliance of the request by the Covered Entity;

- (b) when the Requesting Authority has requested the freezing or the sequestration of assets of a Covered Fund that is established in the jurisdiction of the Requested Authority. In this situation the Requested Authority should either order the freeze or sequestration of the assets of the Covered Fund located in its jurisdiction, or inform and assist to the extent possible the Requesting Authority on the legal procedures that leads to that result;
 - (c) when the Requesting Authority has requested the temporary prohibition of professional activity in relation to a Covered Entity established in the jurisdiction of the Requested Authority. In this situation, and at the request of the Requesting Authority, the Requested Authority should provide information that would allow the Requesting Authority to verify whether the temporary prohibition is being observed by the addressee of the measure;
 - (d) when the Requesting Authority has adopted any type of measure to ensure that Covered Entities established in the jurisdiction of the Requested Authority continue to comply with the requirements of the AIFMD and its implementing measures or the Securities Laws of The Bahamas. In this situation, and at the request of the Requesting Authority, the Requested Authority should provide information that would allow the Requesting to verify whether the addressee observes the measure adopted by the Requesting Authority;
 - (e) when, in the interest of the investors or of the public, the Requesting Authority has required the suspension of the issue, repurchase or redemption of units or shares of Covered Funds established in the jurisdiction of the Requested Authority. In this situation, and at the request of the Requesting Authority, the Requested Authority should provide information that would allow the Requesting to verify that the Covered Fund complies with the request of suspension.
- 2) The assistance referred to in this Article should be provided in accordance with the provisions of the IOSCO MMoU concerning consultation and cooperation and the exchange of information of 2002, to which each of the Authorities is a signatory.

Article 8. Permissible uses of information.

- 1) The Requesting Authority may use non-public information obtained under this MoU solely for the purpose of supervising Covered Entities and seeking to ensure compliance with the laws or regulations of the Requesting Authority, including assessing and identifying systemic risk in the financial markets or the risk of disorderly markets.
- 2) This MoU is intended to complement, but should not alter the terms and conditions of the existing arrangements between Authorities concerning cooperation in securities matters, including the IOSCO MMoU. The Authorities recognize that while information is not to be gathered under this MoU for enforcement purposes - with the exception of Article 6. - an Authority may wish to use the information for enforcement purposes. In such cases, further use of the information should be governed by the terms and conditions of the IOSCO MMoU or another (M)MoU or other agreement providing an equivalent degree of cooperation in enforcement matters.

Article 9. Confidentiality and onward sharing of information.

- 1) Except for disclosures in accordance with the MoU, including permissible uses of information under the previous articles, each Authority will keep confidential to the extent permitted by law information shared under this MoU, requests made under this MoU, the

contents of such requests, and any other matters arising under this MoU. The terms of this MoU are not confidential.

- 2) To the extent legally permissible, the Requesting Authority will notify the Requested Authority of any legally enforceable demand from a third party for non-public information that has been furnished under this MoU. Prior to compliance with the demand, the Requesting Authority intends to assert all appropriate legal exemptions or privileges with respect to such information as may be available.
- 3) In certain circumstances, and as required by law, it may become necessary for the Requesting Authority to share information obtained under this MoU with other Governmental Entities in its jurisdiction. In these circumstances and to the extent permitted by law:
 - a) The Requesting Authority will notify the Requested Authority.
 - b) Prior to passing on the information, the Requested Authority will receive adequate assurances concerning the Governmental Entity's use and confidential treatment of the information, including, as necessary, assurances that the information will not be shared with other parties without getting the prior consent of the Requested Authority.
- 4) Except as provided in paragraph 2, the Requesting Authority must obtain the prior consent of the Requested Authority before disclosing non-public information received under this MoU. If consent is not obtained from the Requested Authority, the Authorities will discuss the reasons for withholding approval of such use and the circumstances, if any, under which the intended use by the Requesting Authority might be allowed.
- 5) The Authorities intend that the sharing or disclosure of non-public information, including but not limited to deliberative and consultative materials, pursuant to the terms of this MoU, will not constitute a waiver of privilege or confidentiality of such information.

Article 10. Data protection

The Signatory Authorities represent and acknowledge that under the terms of this MoU they process personal data, including that contained in information received from the other Authority, in accordance with applicable laws and regulations.

Article 11. Special rules on onward sharing of information in the EU internal market.

In particular, Article 9 paragraph 4 does not apply in the following circumstances:
 - a. In accordance with Article 25(2) of the AIFMD, an EU competent authority may need to share information received from the Securities Commission of The Bahamas with other EU competent authorities where a Manager under its responsibility or a Covered Fund managed by that Manager could potentially constitute an important source of counterparty risk to a credit institution or other systemically relevant institutions in other EU Member States.
 - b. In accordance with Article 50(4) of the AIFMD, the EU competent authority of the Member State of reference of a non-EU Manager² shall forward the information received from the Securities Commission of The Bahamas in relation to that non-EU Manager to the competent authority of the host Member States, as defined in Article 4(1)(r) of the AIFMD.
 - c. In accordance with Article 53 of the AIFMD, an EU competent authority shall communicate information to other EU competent authorities, the ESRB or ESMA, where this is relevant for monitoring and responding to the potential implications of the activities of individual Manager or Managers collectively for the stability of systemically relevant financial institutions and the orderly functioning of markets on which the Managers are active.
- 2) In the cases mentioned in paragraph 1, the following conditions would apply:
 - a. In accordance with Article 47 (3) of the AIFMD, all the information exchanged between the EU competent authorities, the ESRB and ESMA shall be considered confidential, except where the Requested Authority states at the time of communication that such information may be disclosed or where such disclosure is necessary for legal proceedings.
 - b. The EU competent authorities, ESMA and the ESRB shall only use the information for the purposes envisaged in the AIFMD and in accordance with the founding regulations of ESMA and the ESRB.

This shall not affect the right of the successor authority and its counterparty to terminate the MOU as provided hereunder if it wishes to do so.
