

Consultation Paper:

DIGITAL ASSETS AND REGISTERED EXCHANGES BILL, 2020

The Securities Commission of The Bahamas (the Commission), in its capacity as the regulator of investment funds, securities and the capital markets, has issued the Digital Assets and Registered Exchanges Bill, 2020 (the Bill) for public consultation. The Bill may be found on the Commission's website at: <https://www.scb.gov.bs/legislative-framework/consultation-documents/>.

An earlier draft and substantial draft of the Bill was previously issued for consultation for the period 3 April 2019 to 28 May 2019. Subsequent to a review of the comments received after the last consultation period and other market as well as regulatory developments, the Digital Assets and Registered Exchanges Bill, 2020 is now being issued for final comments before its submission to the Minister.

Summary of Revisions

Key revisions were made to the Bill to ensure that digital assets and digital asset service providers are subject to the same set of KYC and due diligence obligations as other financial institutions and Designated Non-Financial Business and Professionals; in accordance with FATF Recommendation 15. The Bill was also revised to ensure a regulatory focus on the persons providing digital assets services, rather than the underlying technology. Also, in keeping with FATF Recommendation 15, the revised Bill does not seek to capture closed-loop items that are non-transferable, non-exchangeable, and non-fungible, such as airline miles, credit card awards or other loyalty program rewards that cannot be sold onward in a secondary market.

Consultation Period

The consultation period for the commences Wednesday 14 October 2020 and ends Tuesday 20 October 2020, during which time the Commission invites the public to share comments with regard to the Bill. Comments received within this period will be taken into account.
